Quality Rope Products from American Producers & Supply

Pulling Products

Composite Double Braid Pulling Rope

High tensity low stretch polyester double braided pulling rope with factory spliced pulling eyes at each end.

Woven Polyester Cable-Pulling Tape

High tensile strength, low stretch. Printed sequential footage markings for accurate measurements. Easily blown through conduits or ducts. Available with or without detectable tracer wire.

Spiral Wrapped Light Duty Poly Twine

Ideal for many types of pulls, including pulling rope through conduit. Will not rot, mildew or rust. Can be left in conduit for future use. Ships in plastic pail for ease of use and storage.

Conduit Measuring Tape

Sequential footage marks from 1-3,000 ft. Allows for fishing and measuring conduit runs in one easy step.

General Cordage

3 Strand Yellow Polypropylene Rope

Premium grade U.V. stabilized polypropylene fiber: versatile, economical, lightweight, floats.

3 Strand Natural Fiber Manila Rope

The strongest of all natural fiber ropes. Premium grade with 36 minimum becker value.

3 Strand White Nylon Rope

One of the strongest synthetic fibers, offering superior elasticity and excellent abrasion resistance.

3 Strand Poly-Dacron Combination Rope

High tensity polyester fiber wrapped cover over polyolefin core yarns. Good abrasion resistance and strength. 5⁄8" diameter meets ANSI & OSHA Standards for fall protection ropes.

Premium Braided Nylon Seine Twine (Mason Line)

High quality braided twine, will not unravel after multiple uses.

Solid Braid Cotton Sash Cord

12 Carrier polished cotton sash cord with synthetic reinforced core. Available in 100 ft. hanks (as shown) or 1,000 ft. spools.

Galvanized Aircraft Cable

High-quality, general purpose wire rope. Available in 7x7 and 7x19 construction.

*Not intended for aircraft use.

Superior Quality

Same Day Shipment!
