Trade-In Rules:

- Trade-in products must be competitors' brands (no Enerpac or Simplex branded products)
- Trade-in credits will be issued in the form of a sales credit to the Enerpac distributor partner after trade in has been confirmed to conform to all rules
- No limit to quantity of trade-in tools
- Dollar amounts shown in local currency
- Program valid for trade-ins submitted through September 30th, 2016
- The Enerpac Territory Manager must perform the following:
  - Confirm competitive product is removed from end user site
  - Submit a list of types of competitive products removed and quantity of each
  - Submit a list of types of Enerpac products sold to end user and quantity of each
  - Submit a clear photograph of competitive products (one photo of multiple products is acceptable)
  - Submit the P.O. number(s) of Enerpac products sold to the distributor
  - Arrange for shipment of all competitive product to Enerpac facilities if requested (at Enerpac's expense)
  - Confirm that competitive products not sent to Enerpac facilities are scrapped and not sold
