The American Producers Story

When American Producers first opened in 1898, our primary business was supplying the needs of the oil producers of the Ohio Valley. Since that small beginning, we have expanded our product offering to meet the demand of a wide range of industries. We have also opened several new locations in Ohio and West Virginia to serve a wider geographical area.

The company's headquarters and main distribution center is located in Marietta. The warehouse here has over 70,000 square feet of space, stocking 15,000 SKUs from 200 manufacturers to provide quick product availability for our branches and to meet our customers' needs.

Other Ohio locations are in Lancaster, Portsmouth, and Cincinnati; two locations are in the Columbus area, Sunbury and near downtown. In West Virginia, there is a Huntington branch and our newest location is in St. Albans in the Charleston area.

American Producers supplies products and services for many sectors of business and industry, including:

- Metallurgical
- Power generation
- Chemical
- Rail transportation
- River transportation
- Automotive
- Government
- General manufacturing
- Road, bridge and dam construction
- General construction
- Drilling and pipeline construction

American Producers is committed to continued growth, meeting and exceeding customer expectations.

Value-Added Services

In addition to our vast inventory selection, American Producers offers a number of special services to our customers.

Professional Tool Repair Service

American Producers is an authorized repair center for CM Hoist, DeWalt and Milwaukee tools and an Authorized Enerpac Service Center. Our Cincinnati and Columbus locations are authorized repair facilities for Honda Power Equipment, Husqvarna Construction Products, and Stihl. We also provide warranty repair service.

Sling Manufacturing, Repair and Certification

The Huntington location custom builds chain and wire rope slings, and provides inspection, repair and certification of chain, web, and wire slings.

Radio Frequency ID (RFID) Services

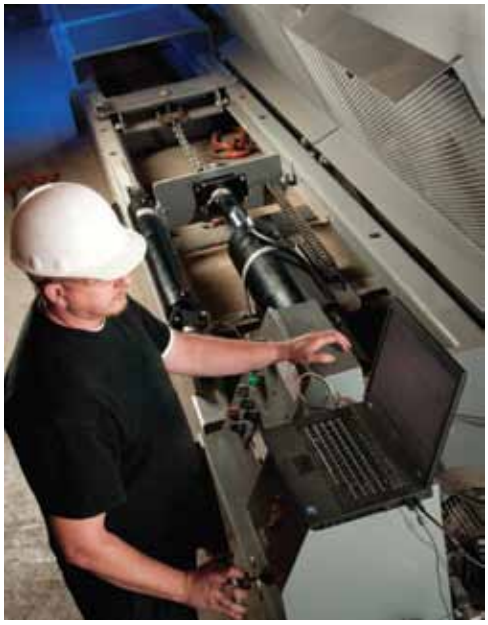

The Huntington location also provides Radio Frequency ID (RFID) Services for harnesses, lanyards, safety gear, critical slings, and many other applications.

Safety Training

Safety seminars are available for a variety of products and applications. American Producers provides this training in conjunction with our product suppliers.

American Producers provides delivery service to our local customers.

All lifting slings that are assembled, repaired or modified by American Producers are proof tested before being returned to the customer. RFID services are also available. Our sling test bed has a 250,000 lb. capacity.
